

Grow your community's tree canopy!

Tree-mendous Growth workshop in Osceola, Iowa

Monday, April 10, 5:00 p.m. to 7:00 p.m.

Clarke County Fairgrounds

2070 W McLane Street. Osceola, Iowa.

Join Trees Forever Field Coordinator Brad Riphagen to learn about the tree canopy in Osceola, Iowa and the importance of having a biodiverse and robust community of trees in urban areas.

The purpose of this program is to advocate for increasing tree canopy in Iowa through improved community forestry management practices. We will be examining the new Iowa DNR tree inventory, explore local tree ordinances, and discuss current and emerging threats to trees—including the notorious Emerald Ash Borer.

We will end with a tree walk and talk around the grounds, discussing species, maintenance and more.

Questions? Contact Trees Forever Field Coordinator Brad Riphagen at:

(515) 370-1291 or briphagen@treesforever.org. Thank you to our Tree-mendous Growth partners:

Learn the steps to get your community on the right track towards building a better, more diverse tree canopy!
